

## LIBERTYVILLE ITEMS.

Violet Simpson, the last case of typhoid fever reported, is now improving.

Mrs. J. F. Hicks and children visited Mr. and Mrs. J. R. Hicks at Castor Sunday.

Mrs. A. E. Vansickle is visiting her daughter, Mrs. Berryman, at Fredericktown this week.

Mrs. Sue Walker and Mrs. A. J. Leathers of Farmington visited Mrs. N. A. Kinkead this week.

We welcome "Dick" of Avon to our ranks. Your items are interesting. Come often and hit hard.

Pearl Sebastian, who has been lingering between life and death the past week, we are glad to report is now better.

Miss Nan McKenzie commenced Tuesday to teach a four-months term of school at Oak Grove, Ste. Genevieve county.

J. F. Hicks is assisting J. L. Simpson to recover and make needed improvements to his house, which adds greatly to the appearance.

Some of our citizens who have money deposited in the banks at Farmington and Fredericktown appear to not sleep very well these nights.

Several neighbors gathered at Miss Clara Bradley's Monday, gathered and ribbed her corn, and sawed and hauled up a good lot of wood.

Messrs. McDowell and Sprout of Flat River offered Mr. E. O. Presnell his price, \$4,500, for his farm, but Mr. Presnell declined the offer because he could not give them possession as soon as they desired.

A prominent lady of Libertyville suggests to the country women who visit town and have such a tedious wait in the crowded stores, use the Rest Room over the Farmer's Bank, so generously provided with reading matter and everything for their comfort.

FELIX.

## A Good Liniment

When you need a good reliable liniment try Chamberlain's Pain Balm. It has no superior for sprains and swellings. A piece of flannel slightly dampened with Pain Balm is superior to a plaster for lame back or pains in the side or chest. It also relieves rheumatic pains and makes sleep and rest possible. For sale by E. M. Laakman.

Mickey Manner of Pasadena, who last year belonged to a Southern baseball club, will play with the White Sox of Chicago with a salary of \$4,000 for the season of six months.

## CARLETON COLLEGE NOTES

The Y. W. C. A. gave a reception to the Y. M. C. A. on Halloween. It was one of the best planned social occasions at Carleton college for years. There were no tiresome games, and there was not a tiresome moment throughout the evening. Prizes were given for the best homemade lantern, for the one who could identify the greatest number of ghosts among all those that came tramping around, and also for the best told ghost story. Light refreshments were served. The hours were from 8 to 11 p. m.

The classes in English grammar have been doing excellent work in diagramming, or written analysis. The entire fall term is devoted to analysis of sentences. There is no such thing as a thoroughly good knowledge of grammar without analysis of the sentence first. There are two classes in this subject at Carleton, the first and second years.

The Latin and Greek classes are often heard to drop words to the effect that these studies are not "snaps."

One of the new literary societies met and elected officers last Friday evening. W. L. Hunt was chosen president.

The Kappa Lambdas are making arrangements to give a reception within a few days.

W. H. Roberts, of West Plains, who was in school last year, returned the first of the week and has enrolled for the rest of this year.

The Carleton college football team went to Fredericktown, Monday, and defeated the Marvin college team on the latter's field by a score of 5 to 0. The game was an interesting one from the start. The Marvin team is decidedly the strongest that school has ever had. So far as it can be determined, the two teams are the same in weight, about 145 pounds being the average.

The general work of the Carleton boys in Monday's game was decidedly the better, every member playing his part proportionally well. No one man played the game alone, but all together. The Marvin boys made almost no gains through the line, and only one or two gains around the ends. Owing to the splendid punting of Jackson for Marvin, which was a feature of the game, the ball was often sent back near the Carleton goal, after having been carried well toward the Marvin goal.

Owing to a fumble by Carleton in attempting a forward pass, the ball was seized by one of the Marvin players and carried to near Carleton's 15 yard line, but James Williams, our wirey quarter, tackled the carrier and prevented his scoring for Marvin. The wind was so strong that it was

difficult to make a forward pass successfully, though it was done on a number of occasions. The game was a clean one, and an excellent spirit was shown on both sides throughout and after the game, and both sides have a reason to feel proud of the gentlemanly boys who represented them.

The only scoring done was a touchdown made by Hunt for Carleton in the first half.

## Bonnetterre Will Play Here Tomorrow

Tomorrow, Carleton will play the Bonnetterre high school. The game will be called at 3 p. m. Bonnetterre is said to have a good team. It defeated Flat River high last Saturday by a score of 39 to 0. Tomorrow's game promises to be an interesting one. It will be played on the Carleton Athletic Field.

## Return Game November 14.

A return game with Marvin will be played here on the Carleton Athletic Field on Thursday, November 14.

## BUSINESS COLLEGE NOTES.

Miss Ruby Olive left Tuesday for Corning, Arkansas, to visit her aunt, who is seriously ill.

Messrs. Henry Gordon and Cleve Pratt have enrolled for special penmanship work.

Prof. Moothart conducted, last Friday afternoon, an "old-time spelling bee," in which all of the students took an active part, Miss Olive winning the distinction of "standing up" the longest.

Captain Pipkin of the first football team has cancelled the Thanksgiving game with the Southern Illinois Normal School at Carbondale, and will play the Jackson Military Academy at Jackson instead. An interesting game is expected, as the Jackson boys are putting up a good game.

Miss Myers, a special student of short hand and typewriting, after being absent nearly a month, has returned for her regular school work.

The game of football between our first team and the St. Louis College of Physicians and Surgeons last Saturday has been pronounced one of the best grid iron contests ever witnessed in Farmington. The game is commented upon in another column of this paper, hence remarks here are not necessary, only that it is to be very much regretted that the visitors had to resort to dishonesty to win the game.

Robert Meslin, one of our regular night school students, spent Tuesday visiting relatives at Fredericktown.

On this Friday afternoon, Nov. 8, our second football team meets the Flat River High School team on the Doss field, at which time a first-class game is expected. All who like to witness football contests should plan to be present.

## Help! Help! I'm Falling

Thus cried the hair. And a kind neighbor came to the rescue with a bottle of Ayer's Hair Vigor. The hair was saved! This was because Ayer's Hair Vigor is a regular hair medicine. Falling hair is caused by a germ, and this medicine completely destroys these germs. Then the healthy scalp gives rich, healthy hair.
